## PROBLEMS

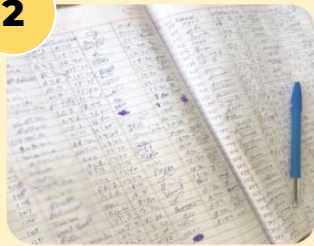

# Inefficient office management process

1

**Time consuming**  
to find and book  
available spaces.

2

**Manual and**  
**paper-based** visitor  
registration.

3

**Higher real estate**  
**cost** - lack of  
proper space  
planning data.

4

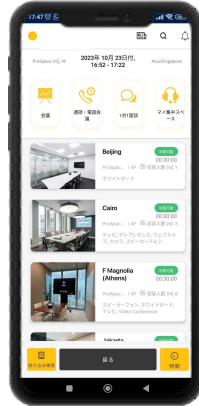

**Complicated and**  
**expensive** system  
integration
